DISCIPLESHIP

Mark 9:14-50

The disciples had previously cast out demons but were unsuccessful this time. What was different that caused them to be ineffective?

The disciples were concerning themselves with the organization of the coming Kingdom and their position therein. What qualifications of leadership did Jesus establish for them?

In 9:43-48 Jesus uses 3 very powerful word pictures which have been misunderstood by many. What does Jesus want us to understand about entering the Kingdom. Remember the answer must be in harmony with Mark 8:34-38.

Application

The disciples stopped a man from casting out demons as if he was guilty of patent infringement. In what ways do we behave as if we are in competition with other believers?
